Set in the rolling Derbyshire countryside, Robeys have created a beautiful purpose built riverside showroom, with over 250 exquisite fireplaces, wood stoves, cookers and fridges, many set in live displays. We know just how discerning our customers are and we're inspired to search for the highest quality products and deliver the very best in customer service.

We know our customers travel from far and wide to visit our showroom, which is why we have put together this brochure of places to eat, drink & stay when visiting us here at our showroom.

We are based in the World Heritage Site mill town of Belper in Derbyshire. Located just off the A6 and a 10 minute walk from the town's railway station, our showroom has ample free parking and disabled access to all main areas.

Although not exhaustive the establishments included have been picked to make your visit to our showroom as enjoyable and comfortable as possible. All of the hotels, bed & breakfast and guests houses have been rated three or more stars with the majority including their own eateries that serve a variety of different appetisers, platters, pizzas, main meals, afternoon teas and Sunday lunches. We have also included some pet friendly accommodation for those travelling with their four legged companions.

(Please check accommodation websites for a full list of amenities and facilities.)

Our list of eateries comprised of restaurants, cafes, gastro pub and bistros has something for everyone. Many of the establishments included have won awards for their food, service and dining experiences.

We look forward to welcoming you to our showroom in the near future.
